WASTE MANAGEMENT

02_03_04-L3 WASTE MANAGEMENT

4.7 LABELLING OF SCHEDULED WASTES

Containers of scheduled wastes at Divisions shall be clearly labelled in accordance with the information applicable to them as specified in the Third Schedule (02.03 L3 Waste Management_A04) and has the appropriate scheduled waste hazard label for identification and warning purposes.

All scheduled wastes shall be labelled at point of generation (the location) and moment waste is generated.

Faded label and unlabelled chemical

Scheduled waste with other label

Domestic waste container with no label / faded label

Contaminated container to be disposed without scheduled waste label
